W : Hello, students! This is your principal, Ms. Baker. As you know, a typhoon is coming this weekend. There will be strong winds and heavy rain. So, let me tell you what to do to protect your classroom. First, close all the windows before you go home. It'll protect your computers and TVs from the rain. Second, don't forget to close the curtains. If the window breaks, the curtain will prevent the glass pieces from scattering all over your chairs and desks. Now you see what to do. Have a nice weekend!

W : I know, but it's cheaper to replace the screen than buying a new phone.

M : But new cellphones have a lot of good functions.

16번부터 17번까지는 두 번 들려줍니다.

[16 ~ 17] 다음을 듣고, 물음에 답하십시오.

W : There are many cases where you can use knowledge of music. Here's a good example. Let's say you're a member of the school musical club. Your club is going to participate in a contest and perform the "Do-Re-Mi" song. It seems like a simple song, but actually it's not that simple to perform. Seven students will sing. One student will play the piano, and another student will play the drum. Two other students will play the xylophone, and you're going to play the guitar. The sounds of instruments and students' voices must work together in harmony. To make it happen, you have to understand how each different instrument sounds. Also, you need to understand how your guitar will go with the other instruments and voices. All of these tasks require basic knowledge of music.
